Mayor Hall,

Good morning! The Game & Fish department will be requesting approval from yourself and the Cody City Council to install an ADA-compliant kayak launch at the New Cody Reservoir located in Beck Lake Park, similar to the launch at Hogan Reservoir. I brought this project to the department, and I just wanted to give you a head's up before our presentation at the March City Council meeting.

Please visit <https://www.ez-dock.com/products/ez-launch/> to learn more about the product we are interested in purchasing and installing. We have funding sources onboard, and we are excited about Cody being the example to cities across

Wyoming for accessible recreation.

If you have any questions, please don't hesitate to ask. We look forward to presenting this project to you in more detail in early March.

Thank you!

Ashlee
