I would appreciate the opportunity to construct a custom recycling bin to be installed at the Skatepark facility. A couple of the trash can bins have been destroyed, so it seems fitting to replace one bin with a recycling option. I've noticed that the trash is always full of cans and bottles.

The project would give kids the chance to take ownership over the park, and the skateboarders will be the ones responsible to transport recycling to the recycle center

**Full description** of topic to be discussed (include all relevant information including any street closures, times of event, any special requirements or request etc., attach additional sheet if necessary and map showing location of event where applicable) Cody Craft Brewing wishes to be able to sell canned, alcoholic "seltzers" for on-site consumption. We have had many, many requests from patrons who, when with their party, would prefer a low-calorie, non-beer alternative Our thought is to offer a canned seltzer (4% ABV to 5% ABV, like beer) for on-site consumption, served by our trained staff only. These beverages are fermented beverages just like our beer, but as we are not tooled to brew this product, we would look to buy from a wholesaler such as Tanager. Examples of products like this are: Truly, White Claw, Seltzy, etc. - these products contain NO spirits.

NOTE: \*Cody Craft Brewing is pursuing proper licensing from the State of Wyoming prior to any sale\*
