### MEMO

Date: October 5, 2022

To: Rick Manchester, Director – Parks, Recreation and Public Facilities  
Cindy Baker, Director Human Resources

From: Mike Fink, Recreation and Public Facilities Superintendent

Subject: Yellowstone Quake Hockey Memberships

CC:

In September, we met with the coach of the Yellowstone Quake Hockey Team. This is his first year coaching in Cody.

Last year, the Quake used another local gym to work out. When the coach was looking at the different gyms around town, he knew that the Paul Stock Aquatic and Recreation Center was the facility his team needed to meet their goals.

The team needed to work on strength, flexibility, agility, speed and endurance. We have equipment and space to meet those needs.

When we met about memberships and pricing, Coach told us that he did have a budget of \$2,250. We also talked to him about the impact that 26 hockey players could have on our facility if they all showed up at the same time.

We were able to work out a compromise where he would have half the team doing online schooling from 11:00 AM until noon while the other half worked out. Then they would switch out and the other 13 boys would work out from 1 PM until 2 PM. Though this is their practice, the membership does not limit the individuals from using the facility at other times of the day or days of the week.

I have only heard positive feedback about the hockey team thus far.

The front desk staff has said that the boys have been very respectful to staff, patrons and the facility.

Currently we have all 26 members of the Quake team on their own student 6 month memberships.

The price of a student membership for 6 months is \$146.00.

The total price for the entire team for all 6 months is \$3,796.00

Options:

1. Status Quo—The Yellowstone Quake continue to use the facility with their current student memberships. Total cost to the Quake not to exceed \$3,796.00.
2. Allow the Quake to purchase memberships that meet their budgeted amount of \$2,250.00.
3. Reach an agreement on another price that is reasonable.

Thank you,  
Mike
